Stresemann Says Poincare Is Destroying Germany

BERLIN, November 22.—(By the Associated Press.)—Canciller Stresemann today declared that the state of siege recently imposed on Germany would be slightly raised. He said that the world would stagnate if Germany's open wounds were allowed to bleed white.

The chancellor again charged that the policy of Premier Poincare was destroying Germany and said he saw no chance of improvement of the country's internal condition.

He hinted that he still hoped the attitude of England, America, Italy and Belgium would make possible a new constellation of world powers.

He also hinted that he hoped that new reparations conference would take place.

Great precautions were taken to guard all members of the government from attack owing to the fear of an attempt to assassinate Stresemann, which President Lieke informed the United Press after Reichstag meeting Tuesday. Deputy Reichstag member, whose objection to the presence of police in the Reichstag building started the uproar that caused President Lieke to adjourn the meeting was refused admission and had to be forced to depart.

Police examined passes of all persons entitled to enter.

The chancellor requested the Reichstag to come to a vote as early as possible as to whether it would continue to place confidence in him or not.

Chancellor Stresemann declared that Germany's internal position was hopeless and so far as he could see there was not the slightest prospect of affecting improvement. France had expressed fear of serious German developments arising from recent incidents but he could assure France that any developments that might occur would be due entirely to France herself.

"Germany will bleed to death over the Rhine and Ruhr if the wound is forcibly kept open by France," he said. "The destruction by France of our help and the hungry Germany at the Ruhr constitutes continuance of passive resistance is untrue; it is shameful."

He also took the occasion to deny the reports published in the German press that the government had been officially approached by American representatives to accept the terms of the new loan.

The government is to demand a positive vote of confidence from the Reichstag, the outcome of which is yet in doubt. Dr. Stresemann was liberally applauded by the throng but their combined vote is insufficient to give him a majority vote.

Photo of Finish of Most Discussed Race of the Year

Zev beat In Memoriam in the match race at Churchill Downs—according to the judges. Many spectators at the track, however, were firm in the opinion the race ended in a dead heat, some even thinking In Memoriam was the winner. This photo of the finish of what will be the most discussed race of the year, shows the horses apparently neck and neck. Zev has the white hood on his head.

Narrow Escape

SAN DIEGO, CALIF., November 22.—(By the Associated Press.)—Five officers and enlisted men of the aircraft squadrons, battle fleet, crew of an F-5-L seaplane engaged in spotting torpedoes twenty-five miles off Point Loma, had a narrow escape from being blown to pieces or drowned when their aircraft caught fire, exploded and sank in fifty fathoms of water yesterday. All five were rescued by the destroyer Kennedy after they had been swimming for more than twenty minutes. Chief Electrician Nelson was the only man injured.

The fire was started by an explosion of a smoke bomb about to be thrown from the moving plane to mark the spot where a spent torpedo fired by a destroyer, was floating. Nelson was about to drop the bomb over the side when the rush of air carried it against the starboard propeller. The bomb was then hurled into the seaplane where it was ignited. In a fraction of a second, the seaplane was a mass of flames.

Lieutenant Earl Brix, pilot, nosed the blazing ship downward and showed for the others to jump overboard.

The Kennedy, eight miles away, sighted the cloud of smoke and steamed at top speed to the rescue. The Kennedy raced to port with the exhausted survivors.

Silent Film Drama? No! Just Bonded Liquor

LOS ANGELES, November 22.—(By the Associated Press.)—Gurgling noises emanating from a packing case, ostensibly containing only silent film dramas, which led to the arrest yesterday of Joseph W. Engle, senior vice president of the Metro Pictures Corporation, today found their echo in a federal investigation of assorted wholesale attempts to ship liquor from New York to Hollywood in preparation for the holidays.

Engle was arraigned last yesterday on a charge of violating the national prohibition law after federal agents had found that a large packing case, marked "films" and addressed to him, contained many thousands of dollars' worth of bonded liquor. He denied all knowledge of the shipment and expressed the belief that some bootlegger was endeavoring to get his wares into Hollywood without arousing suspicion by the simple expedient of using a film official's name as co-signer. He was released on \$2,000 bail.

Eighth Outrage In Past 60 Days

TOLEDO, O., November 22.—(By the Associated Press.)—Laughing at the police and contempt for efforts to check his series of bomb outrages, Toledo's maniac bomb thrower was still at large today while horrified residents of the west end fearfully discussed his devastating operations and wondered where his next deadly missile would fall.

The bomber's latest victim is Charles S. Yant. When Yant's home was partially wrecked last night, it was the eighth bombing here within the last sixty days. Yant, his wife and another woman smelled the burning bomb fuse and rushed from the house just as the blast occurred. The house was damaged to the extent of several thousand dollars.

The city is at the mercy of the madman. His after dusk forays have presented a mystery that will go down in the annals as one of the most baffling in the history of the state.

Is he a young student mentally unsound and experimenting with explosives? Or is he a veritable wizard compounding combustible chemicals in the secrecy of his laboratory and later stalking through quiet residence sections to convey a fancied grievance against society? Are some of the questions police say they are confronted with?

Every one has a theory. Laborers, housewives, professional men and scientists have exchanged various hypotheses, but the mystery remains unsolved.

Theorists picture the bomber stealing from his rendezvous in the early hours of the night, procuring a secluded thoroughfare and finally selecting a target for his destructive handiwork. They imagine him uttering with the curious after his latest blast and chuckling at the impotence of detectives working overtime in attempts to terminate the series of explosions.

There is no doubt that the bombings will be continued, police say. After the first two or three attacks, police were hopeful that the maniac had become satisfied and would desist. Cognizant of the psychological dangers of hysteria, the authorities were inclined to silence the cries of alarmists.

Detectives exercised every precaution, ran down wild clues, questioned suspects, canvassed scores of pharmacies and maintained nightly vigilance over homes of persons whose actions prompted suspicion.

Today the identity of the bomber is as much of a puzzle as it was when he ventured forth on his first excursion. He is obviously scornful of the additional detail of plain clothes officers patrolling the west end and the risk that he incurs seems to mean nothing in his maniacal career.

"We're doing all we can," said Police Chief Harry Jennings, who has welcomed suggestions from evermore. Critics of the police deploring the operations of the bomber have insisted that there must be some medium of checking the outrages but have offered no remedy.

Men who have investigated the explosions, including that which damaged the home of the Rev. Patrick O'Brien, aged Catholic priest, and also the one in the Norwood Avenue Church of Christ, are loath to concede the theory that a religious fanatic is responsible. They contend that if the terrorist is prompted by a religious mania, it takes the form of hatred for all creeds and all religious organizations. Householders whose lives and property have been assailed since the reign of terror was instituted, are of diversified spiritual and political factions.

Woman Arrested On Blackmail Charge

MEDINA, O., November 22.—(By the Associated Press.)—Mrs. Lucille Remmer, who made a signed statement admitting authorship of two threatening letters sent to Fred Thompson and his wife, was arrested this morning on a warrant charging blackmail. The warrant was sworn to by Sheriff Fred O. Rosson, of Medina county, before Justice of the Peace W. P. Ainsworth here.

Mrs. Remmer, 35, who lives on a farm near Thompson's place, was to be given a hearing today before Justice Ainsworth.

Modern Borgia

Now that Mrs. Lucille Remmer, shown here, has confessed, according to Fresno, Calif., authorities, to murdering her stepdaughter recently by placing poison in her food, police have started an investigation into the mysterious death of her husband last June. Mrs. Patigan is said to have told police she strewed ashes on her bathroom floor and prayed for 40 nights, at the end of which time she received "divine authority" for her crime.

Congress Slow In Making Tax Cuts

WASHINGTON, November 22.—(By the Associated Press.)—Judging by some of the letters received from various parts of the country, some people have the mistaken impression that the revision of taxes which Secretary Mellon proposed would take effect with payments made next March. The fact is, Congress rarely gets to work in the few weeks of December, and the taxes paid next March will be on the basis of the present law for all income received up to and including December 31st of this year.

Should Congress revise the present law it would probably take several weeks of consideration and it might be April or May before the bill gets through both houses of Congress and is before the President for signature. Mr. Mellon, however, has suggested that the new law should take effect on the incomes received by taxpayers beginning next January and continuing during 1924, which means that the taxpayer will get the benefit of the new law when he pays his taxes in March 1925.

This has precipitated some discussion as to whether there will be any political advantage for the party in power when it goes before the people next autumn. The taxpayers will not have felt any reduction when they vote a year from this month for President and for members of Congress. They will (Continued on Page Four)

Crown Prince May Stay In Germany But He Must Behave

PARIS, Nov. 22.—(By the A. P.)—The allies through their representatives in the Ambassadors' Council today agreed to notify Germany that the Inter-Allied Military Control Mission will resume its functions in the Reich and that the Berlin government is bound to afford it facilities and protection.

They also decided upon a second communication in which they note the former crown prince's letter renouncing the throne of Prussia and voice expectations that the German government will see to it that Frederick Wilhelm faithfully observes his promises made to the Reich.

Under these conditions, the allies will not insist upon laying hold of the prince, but they declare the German government must rigidly adhere to its assurance that the return of former Kaiser Wilhelm to Germany will not be tolerated.

This is the first time the allies have agreed upon a question relating to the execution by Germany of the treaty of Versailles since the partition of Upper Silesia was referred to the League of Nations two years ago.

Coolidge Not Likely To Make Fight In State Primaries

INDIANAPOLIS, IND., November 22.—(By the Associated Press.)—First guns in the battle for the control of the Indiana delegation to the Republican national convention were fired last night when it was announced that Senator James E. Watson may become a candidate for president and make a bid for the support of the delegation, in opposition to Senator Hiram Johnson.

Senator Watson made it clear he would take no action before consulting party leaders in Washington.

"When I return to Washington Saturday," he said, "I intend to have conferences with a number of my friends on the subject. I will have to confer with Albert J. Beveridge and President Coolidge and a number of other persons before I come to any definite conclusion."

Senator Watson said it was unlikely that President Coolidge, if he becomes a candidate, would care to make a fight in the state primaries.

Stokes Reach Agreement

NEW YORK, November 22.—(By the Associated Press.)—W. E. D. Stokes, wealthy hotel man and his wife, Helen Elwood Stokes, formerly of Denver, today ended their legal warfare of several years and entered an agreement in which Mrs. Stokes was formally granted a decree of separation.

At the same time Supreme Court Justice Wasservogel dismissed the complaint in Stokes' suit for a divorce, which a jury recently refused to grant him on a re-trial. The separation decree provided that Stokes should have access at all times to his children who are to remain in the custody of their mother, where they were placed by a Denver court.

The decree does not set forth the terms agreed upon for the support of Mrs. Stokes and her children, but merely confirms "an agreement" providing for such support.

Statements made by a confidential source made it clear that not only have the divorce and separation proceedings ended, but that Mrs. Stokes had relinquished her claim and that suits for libel brought by her against W. E. D. Stokes, Jr., her husband's son by his first marriage, have been dropped. As to the criminal proceedings pending in Chicago, they remain just where they were, in the hands of the prosecuting attorney of Cook county.

It was learned on good authority that a trust fund of \$800,000 had been created. The income is to be used for the maintenance of Mrs. Stokes and her two children. Upon her death, the principal is to go to her children.

SHANGHAI, November 22.—(By the Associated Press.)—The American Legation at Peking, according to word received here, has taken up with the Chinese government the case of E. W. Schnitzler, the American missionary from Hunan province whose capture by bandits was announced early today. The legation, it is stated, has sent a note to the Chinese foreign office, protesting against the failure of the authorities to protect missionaries and requesting every possible measure to secure Mr. Schnitzler's release.

The advice announcing the missionary capture said four women accompanying Mr. Schnitzler were allowed to continue their journey.

Three Shot In Gun Duel

COOKVILLE, TENN., Nov. 22.—(By the Associated Press.)—Three men are dead and another seriously injured as the result of a gun fight between John Buckner and his son, and Joe Woody, and son, according to a report received here from the mountainous section of East Tennessee and Cumberland counties. It is reported that Buckner, mistaking his son for young Woody, shot and killed him after having killed the two Woody boys. Buckner is reported to be seriously injured, having been shot in the face by young Woody. Because Buckner's recovery is doubtful, he has not been arrested. It is reported that when John Buckner returned home after having been away all day he found Joe Woody and his son waiting and that the shooting was evolved from a dispute over some unknown matter.

Sale of Christmas Seals Placed In Hands Of Hustling Exchangeites

Sale of Christmas Seals, in Portsmouth, the proceeds of which go toward the nation-wide fight against tuberculosis, will be promoted this year by the local Exchange Club. This was decided upon last evening when the matter was presented to the club by Samuel Horchow, president of the Bureau of Community Service. The members of the club have had under consideration other projects for the holiday season, but when the matter of pushing the sale of the Christmas Seals was presented to them, together with the argument that the time was so short that it would be difficult to see other organizations, should the Exchange Club turn it down

the Board of control unanimously decided that it was up to the club to accept the service. The other luncheon clubs, and all other organizations interested in the fight against the Great White Plague will be urged to co-operate with the Exchange Club in keeping the sale up to the usual standard in the purchase of the Christmas Seals. The meeting of the Exchange Club last evening was made unusually enjoyable through the presence of "The Great Meiklejohn." "Mugician, Illusionist and Monologist," in private life W. S. Meiklejohn is a salesman, and after the performance he gave last evening every member of the club is willing to avow that if he can not get rich as a salesman there is no reason why he could not go on the stage and turn the trick with the kind of a performance he offered to the Exchangeites. In addition to his clever tricks, which completely mystified his audience, Mr. Meiklejohn kept the Exchangeites laughing with his witty side remarks.

A number of guests were present to enjoy the evening, and one new member Earl Clayton, was received.

Holden Injured In New Boston Game

James Holden, 1541 Ninth street, halfback on the Holy Redeemer high school eleven suffered two broken ribs on his left side in yesterday's game with New Boston. He was injured in the second half when he made a tackle.

Manly Church News

The Win My Chum Evangelistic services continue to grow in interest and large crowds are attending each evening service at 7 o'clock. Last evening seven young high school girls pledged their lives to God, and other things for the Lord by living exemplary lives and urging others to do likewise.

Miss Ruth Lockhart will have charge of the nursery in the parsonage during the services and she and her assistants will take care of all babies brought there whose mothers wish to attend the church services.

Sunday will be a great day. Missionary Day. In the evening Mrs. De Bra, wife of the College President, of Gary, Ind., will be the speaker, and she has a very interesting message for everyone.

Rheumatic Pains Go Swollen Joints Vanish

Dr. Edwards' Olive Tablets Get at the Cause and Remove it.

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People affected with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of purgative, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. See and hear.

Home-made, but Has No Equal for Coughs

Makes a family supply of really reliable cough medicine. Easily prepared, and saves about \$2.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness or difficult breathing, or if your child wakes up during the night with cough and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. If desired, this recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this taste hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tube with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine pine sap extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guarantee to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

HARTFORD, CONN., Nov. 22. — A coroner and a medical examiner were among the witnesses called today by the inquisitorial extraordinary grand jury sitting here to investigate the alleged existence in the West of a "diploma mill" and the licensing by the Connecticut Eclectic Medical Association examining board of some holders of questionable diplomas to practice the healing art. Score Of Patients Rescued In Blaze; Four Boys Injured

BALTIMORE, MD., Nov. 22. — One boy suffered a fracture of the skull and three others were less seriously hurt when an apparatus of the Ellicott City Fire Department answered an alarm tonight at the Patapsco Manor House, a doddled and crashed into a standing automobile. The main building of the manor house, a sanatorium for nervous and mental patients, was gutted by the flames. Twenty patients were carried to safety.

The injured boys were riding on the rear of the apparatus, a horse drawn vehicle, which was being pulled by a small automobile. As it sped down a steep hill just out of Ellicott City, its wheel caught in the street car tracks and skidded against another machine. The boys were thrown from the apparatus and wedged between the two vehicles.

Woman Is Acquitted. GREENSBURG, PA., Nov. 22. — A verdict of not guilty was returned in criminal court here today in the case of Mrs. Amelia Boyer, young wife of a man who was indicted in connection with the killing of her husband at Trafford City, several months ago. The jury deliberated a little more than an hour. The boys had been living apart and the shooting occurred when Mrs. Boyer, accompanied by her father, L. J. Salmons, went to Boyer's home to obtain custody of an infant son. Salmons is under a similar indictment and will be tried later.

RHEUMATIC NEURITIS LEAVES YOU FOREVER

Every druggist in this county is authorized to say to every rheumatic sufferer that if a full pint bottle of Allenbur's has been tried and tested for years, and early, mercurious results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless. Mr. James H. Allen, the discoverer of Allenbur's, who for many years suffered the tortments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenbur's decisively cures the worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. Fisher & Storch Pharmacy can supply you.

Congress

(Continued from Page One.)

have before them, if the Mellon plan goes through, simply the prospect of lower taxes in the following March.

There are many people, on the other hand, who set aside every week or month the amount of their income that they must ultimately pay the government. These folks would be able to set aside smaller sums for income tax, beginning next January, if they knew that the reduction would be. While the law will be written so as to take effect on incomes received, beginning next January, it will be several months after that before the taxpayers will know what amounts they really must pay in taxes.

Even business houses which like to calculate ahead of time on the money that can be put into expansion or promotion will not know definitely how much of the tax burden they have been relieved of until the spring or even the summer of next year.

Congress will remain in continuous session when it meets in December as this is what is known as the "long session" so there is no limitation of March 4th to hasten consideration of anything.

Should the bill be passed in the spring or summer, however, the business world will be able to figure on the amount of their 1924 income profits that must be paid ultimately to the government, and the expectation is that if taxes have been reduced for the year 1924, there will be a spurt in business because of the release of capital productive enterprise which at present is hampered by prohibitive tax rates.

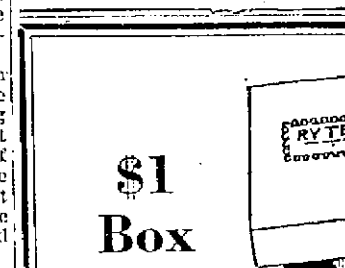

Congress could not very well pass a law which would affect the payments made by the taxpayers next March, even if both houses got down to work in December and made an extraordinary record for speed. The government's financial affairs are managed on a fiscal year basis, that is from June 30th of one year to June 30th of the next. Taxpayers, on the other hand, are obliged to pay their taxes with the calendar year from January 1st to that has been spent by the government from January 1st to June 30th next has been appropriated by Congress out of receipts expected to be received next March and June from the taxpayers who are paying their bills on incomes received during 1923.

So it is that at present the estimates being prepared for Congress for the expenses of the government running from June 30th next to June 30th, 1925, and Congress will go ahead with its appropriations so as to have them ready before June 30th next when the new fiscal year begins. Congress must act on the theory that a certain amount of revenue will be available and the Mellon plan contemplates a certain budget for government expenditure after June 30th, based on the new plan of taxation.

That's why what the taxpayers pay next March and in quarterly installments next year can not be revised, even if Congress wished to do so, unless, of course, Congress wanted to run a deficit. The money already is due from the taxpayers next March and thereafter during 1924 has already been authorized for expenditure in various ways and much of it has also been spent.

Man of 74 Is Made "Young" In 3 Weeks

Kansas Contractor Tells of Amazing Renewal of Vigor by New Scientific Discovery Used at Home

Thomas J. Glascock, 75 years of age, a Kansas building contractor, reports that he was made "young" in three weeks by the recent scientific discovery known as korex. "Uncle Tom," as he is familiarly known to thousands, obtained a supply of the korex in tablet form and took twenty-one grains daily for exactly twenty-one days. At the end of that time, he declares, his former almost helpless senility had been replaced by the vigor and suppleness of the prime of life.

"I was actually a physical and mental wreck," says Mr. Glascock, "and had prepared to die when a newspaper article about the discovery of korex came to the attention of my family. I was unable to work and could hardly walk. My memory was virtually gone, my hearing was impaired and I was so nearly blind I could read nothing but the largest headlines in the newspapers. Medicines and treatments of all kinds had failed, so it was almost without hope that I began the test of the korex compound, but I will take an oath that three weeks' use of it cleared my mind, restored my memory, sharpened my vision so I could read the finest print and gave me the physical power I had at 30 years of age."

"The effect was not a mere stimulation, either. Months have passed, and I seem to be getting stronger every day. If the korex tablets had been \$10 each, and I had known they would do even a part of what they did for me, I would gladly have paid that price. Words fail me when I try to express the happiness this great discovery has brought me. It has made me 'young' again."

Thousands have made similar reports. Both young and old testify that the compound has achieved astounding results in restoring or increasing youthful vigor, virility, animation and ambition. Many users say they received gratifying benefits in a few days, because of korex compound's peculiar faculty of acting directly on the nerves, glands and centers of vital force.

Tablets of the compound, for use at home, are now available to every one suffering from lapsed or depleted vigor, lack of vitality and vim, deficient glandular functioning or the nerve weakness that makes existence a burden. If you wish to try the compound, write in confidence to the Melton Laboratories, 4108 Melton Building, Kansas City, Mo., for a double-strength treatment, sent by mail in a plain, sealed wrapper. You may enclose two dollar or pay two dollars and postage on request. These laboratories are nationally known and thoroughly reliable so you need not hesitate to accept their guaranteed offer—Advertisement.

Grover Is Willing To Take "Immunity Bath" and Come Back

WASHINGTON, Nov. 22. — Promises that Grover Bergdoll will return to this country from Germany if the Washington government complies with certain stipulated conditions, said to amount to virtual immunity for him, have been made to government officials by attorneys and others speaking for the Bergdoll family. These offers the government has declined. Officials declare they can enter no compromise agreement, but must insist upon a free exercise of their powers in the event the draft evader is captured or returned to American jurisdiction.

Officials declined today to tell what terms had been asked by those interceding for Bergdoll, but admitted that the offers had been received since Mrs. Anna Bergdoll, mother of the escaped man, returned to this country recently from a visit in Germany. Mrs. Bergdoll announced at that time that she would cause her son to return and "take his medicine," she also is understood to have asked the government to comply with conditions of an impossible sort.

IN FAVOR OF CONTESTEES

IRONTON, O., Nov. 22.—A three man jury in public court Tuesday after hearing all the evidence in the Coal Grove election contest refused to set aside the election result and rendered a decision in favor of the contestees. The contest was brought by Jess Deegans, defeated for mayor by Willard Norris by a plurality of 10 votes and Jess Dalton, who was defeated by Forest Nalton by a majority of five votes. The contesters alleged fraud and irregularities in the conduct of the election.

"Profiteering" Is Charge As New York Prepares For Big Game

NEW YORK, Nov. 22.—Several hotels here today announced reduced rates for next Saturday, day of the Army-Navy gridiron battle at the Polo Grounds, for officers and students of two academies. The announcement came after discovery by service authorities that many Broadway amusement houses had boosted their prices for Saturday's performance.

Army and Navy officials expressed ignorance over increase of prices of theatre tickets and intimated that the Army-Navy game would not again be played in this city. Theatre officials declared they were merely following a tradition of long standing. Prices, they said, were increased Saturday nights, holidays, and at other times when seats probably would be in great demand. People who must go to the theatre when everyone else wants to go, must pay for the privilege, they said.

Conquers Cough Without Changing Climate

W. M. Prickett, Terre Haute, Ind.

Advised to go west for his cough, I stayed in Indiana, and am glad that I did so. I was coughing considerably, had pains, was weak and was bed-fast. I have taken several bottles of Nascor and have gained in every way. My cough has gradually lessened, my appetite, digestion and sleep have improved and I have gained 60 pounds in weight. I began to improve from the first bottle of Nascor.

If just one person said this, it might not mean much, but when scores of people tell of just such recovery after years of suffering from asthma, bronchitis, chronic coughs, the least you should do is to investigate. We'll send you their letters. Read them, see what Nascor has done for others and can do for you. It costs nothing to get the facts about Nascor. Start back on the road to health again, by writing for full information, which will be sent you free. Write to: Medicine Co., 439 E. State Life Bldg., Indianapolis, Ind.

BEGIN HERE TO-DAY

Hubert Stane, discharged convict, visits a northern post of the Hudson Bay Company. He meets an old-time friend, Gerald Ainley, who promises to call at Stane's camp at midnight. Stane becomes acquainted with an Indian girl named Miskodeed. At midnight Stane is attacked and carried away by Indians in a canoe. He awakens to find himself in strange surroundings.

Ainley is in love with Helen Yardely, niece of a governor of the company. Helen disappears from her uncle's camp and Gerald goes in search of her. Stane rescues Helen from the river as her canoe travels toward a dangerous waterfall.

NOW GO ON WITH THE STORY. He did not wait for any reply, but walked to the little tent, and three or four minutes later emerged, puffing a pipe. He waved towards the tent, and turning away began to walk rapidly up river. Helen Yardely sat where she was for a moment, looking after him. There was a very thoughtful expression on her face.

She walked to the tent, and with amused eyes looked at the articles of attire obviously arranged for her inspection. A gray flannel shirt, a leather belt, a pair of Bedford cord breeches, a pair of moccasins, mules too large for her, and a mackinaw jacket little the worse for wear.

CHAPTER VI

A Mysterious Shot. TWENTY minutes later, as Hubert Stane returned along the river bank, he saw the girl emerge from the tent, and began to arrange her own sudden attire where the heat of the fire would dry it. The girl completed her task just as he arrived at the camp, and stood upright, the rich blood running in her face. Then a flash of laughter came in her gray eyes.

"Well?" she asked, challenging his gaze.

"You make a very proper man," he answered, laughing.

Without further delay he began to prepare a meal, heating an already roasted partridge on a spit, and making coffee, which, with biscuit, he set before him.

Stane once more left the camp, taking with him a hatchet, and presently returned dragging with him branches of young spruce with which he formed a bed a little way from the fire. On this he threw a blanket, and his preparation for the night completed, turned to the girl once more.

"I never enjoyed a meal so much in my life," she declared, as she lifted the tin plate from her lap. "And this coffee is delicious. Won't you have some, Mr. Stane?"

"Thank you, Miss Miskodeed," she said quickly. "Helen Yardely." He took the coffee as she handed it to him in an enameled mug, then he said:

"How did you come to be adrift, Miss Yardely?"

As he asked the question a thoughtful look came on the girl's beautiful face.

"I was making a little trip by myself," she said slowly, "to see a beaver dam in a creek a little below our encampment, and some one shot at me."

"Shot at you?" Stane stared at her in amazement as he gave the exclamation.

"Yes, twice! The second shot broke my paddle, and as I had no spare one, and as I cannot swim, I could do nothing but drift with the current."

"It was a very fortunate thing you struck those rocks," said Stane meditatively.

"Fortunately, Mr. Stane? Why?"

"Because in all probability I should not have seen you if you had not, and a few miles below here, there are some bad rapids, and below those the river makes a long downward of nearly a hundred feet."

"A fall?" cried the girl, her face blanching a little, as she flashed a glance downstream. "Oh, that would have been terrible! It was fortunate that you were here."

"Yes," he agreed earnestly, "and I am beginning to think that it was providential; though all day I have been cursing my luck that I should have been in this neighborhood at all. I have no business here."

"Then why—" she began, and stopped as if a little afraid that her questions were too frankly curious.

"You need not mind asking, Miss Yardely; because the truth is that my presence in this neighborhood is due to a mystery that is almost as insoluble as the one that brought you drifting downstream. On the night after you arrived at Fort Malsum, I was waiting at my tent door—for a man whom I expected a visit from, when I was knocked on the head by an Indian, and when I came to, I found I was a prisoner, under sentence of deportation. We traveled some days, rather a roundabout journey, as I have since guessed, and one morning I awoke to find my captors had disappeared, leaving me with my canoe and stores and arms absolutely untouched."

"You say you were waiting for a man when you were seized, Mr. Stane; tell me, was the man Gerald Ainley?"

The young man was a little startled by her question, as his manner showed, but he answered frankly:

"Yes! But how did you guess that?"

Helen Yardely smiled. "Oh, that was quite easy. You were the topic of conversation at the dinner-table on the very night that you disappeared; and I gathered that to the factor you were something of a mystery, whilst no one except Mr. Ainley knew anything whatever about you. As you and he were old acquaintances, what more natural than that you should be waiting for him? I suppose he did not come?"

"If he did, I never saw him—and I waited for him two nights."

"Two?" cried Helen. "Then he could not have wanted to come."

"I rather fancy he did not," replied Stane with a bitter laugh.

"You wished to see him very much?" asked the girl quickly. "It was important that you should?"

"I wished to question him upon a matter that was important to me."

"Ah!" said the girl in a tone that was full of significance. Stane looked at her sharply, and then asked a question:

"What are you thinking, Miss Yardely?"

"Oh, I was just thinking that I had guessed one of your wildly possible reasons, Mr. Stane; and to tell the truth, if Mr. Ainley was really

anxious to avoid answering your questions, it does not seem to me so inherently improbable as you appear to think."

"What convinces you of that, Miss Yardely?"

"Well," she replied quickly, "you say the Indian told you that it was an order? There were very few people at Fort Malsum to give orders. I think of them in turn. The factor? You were a stranger to him? Mr. Ainley? He never heard of you except in gossip over the dinner-table the night you were deported. Gerald Ainley? He knew you. He had made appointments with you that he twice failed to keep—which, quite evidently, he had no intention of keeping. He had many I guess—some strong reason for avoiding you; and he is a man of some authority in the Company and moving to still greater. He would not know the Indians who actually carried you away; but Factor Rodwell would, and factors are only human, and sooner or later Gerald Ainley will be able to considerably influence Mr. Rodwell's future. Therefore—well, I E. D. I! Do you not agree with me?"

"Well?" she asked, challenging his gaze.

"I find your argument convincing," answered Stane, grimly. Then he lapsed into thoughtful silence, whilst the girl watched him, wondering what was in his mind. Presently she knew, for most unexpectedly the young man gave vent to a short laugh.

"What a fool the man is!" he declared. "He must know that we shall meet again sometime!"

"But, Miss Yardely, I am keeping you from your rest! We must start betimes in the morning if I am to take you back to your uncle."

"If you take me back?"

"There is no question of that," he answered promptly. "I could not dream of leaving you here."

"I was about to say you would very likely meet Gerald Ainley. He has joined my uncle's party."

"So much the better," cried Stane. "I shall certainly go."

At the first hint of dawn, Stane rose from his tent, gathered up the girl's now dry garment, and put it in a heap at the tent door, then procuring a canvas bucket of water he set that beside the clothes and busied himself with preparing breakfast. After a little time Helen emerged from the tent.

"Good morning, Mr. Stane," she said in gay salutation, "you are the early bird. I hope you slept well."

"May I reciprocate the hope, Miss Yardely?"

"Never better, thank you. I think hunger and adventure must be heady food. I slept like the Siren Sleepers, voided into one; I feel as fresh as the morning, and as hungry as—well, you will see," she ended with a laugh.

"Then fall to," he said, joining in the laughter. "The sooner the breakfast is over the sooner we shall start."

"I warn you I am in no hurry," she retorted gayly. "I quite like this. It is the real thing; while my uncle's camp are just civilization imposing itself on the wilderness."

Breakfast finished, they struck camp, launched the canoe and began to paddle upstream. The current was strong, and their progress slow, but after some three hours they arrived at the junction of the two rivers. Then Stane asked a question.

"Which way did you come, Miss Yardely? Down the main stream or the other one?"

"The girl looked towards the meeting of the waters doubtfully. 'I do not know,' she said. 'I certainly do not remember coming through that rough water.'"

"Your uncle's party had of course traveled some way since I left Fort Malsum?"

"Oh yes; we had made long journeys each day and we were well on our way to—wait a moment. I shall remember the name—to the old Fort Winagow."

"Winagow?" said Stane.

Thomas A. Edison Triumphs Again!

Big Audience at High School Auditorium Hear Glen Ellison in EDISON Tone-Test

In a test of direct comparison, made yesterday at the High School Auditorium, before a large audience, Thomas A. Edison's new phonograph scored a complete and convincing triumph.

Glen Ellison, the famous baritone, sang in direct comparison with the Edison Records of his voice on the New Edison. To every ear there was no difference between his living voice and his RE-CREATED voice.

This is the most drastic phonograph test known. No other phonograph has ever sustained it. No other phonograph has even attempted it.

The New Edison's marvelous performance of yesterday vindicates everything that has been said or claimed for its perfect realism.

Glen Ellison stood on the stage next to a shapely Chippendale cabinet. He began to sing. His vibrant voice soared over the auditorium, bringing all under its magic spell.

Halfway through his song, he suddenly stopped singing.

The New Edison, at his side, took up his song—and continued it alone.

Singer and phonograph thus alternated, throughout the song.

The only way the audience could be sure which was singing, was by watching Glen Ellison's lips—so exactly like the living voice was the RE-CREATED voice.

Sibyl Sanderson Fagan made the same test of comparison with Edison Records of her whistling. Piano comparisons were made by Alta Hill. Always the same result—there was no difference between the RE-CREATED performance and the living performance.

Proof was piled upon proof! Evidence was massed on evidence! The end of the concert found the audience absolutely and completely convinced, through its own personal experience, that there is no difference between an artist's living performance and its RE-CREATION by the New Edison—that listening to the New Edison is, in literal truth, the same as listening to the living artists.

The NEW EDISON PHONOGRAPH

Only one question can still bother your mind. This question we now answer.

The instrument used in yesterday's test was not a special model. It was an Official Laboratory Model, taken from regular stock. Every New Edison in our stock is guaranteed to sustain the same test of direct comparison with living artists.

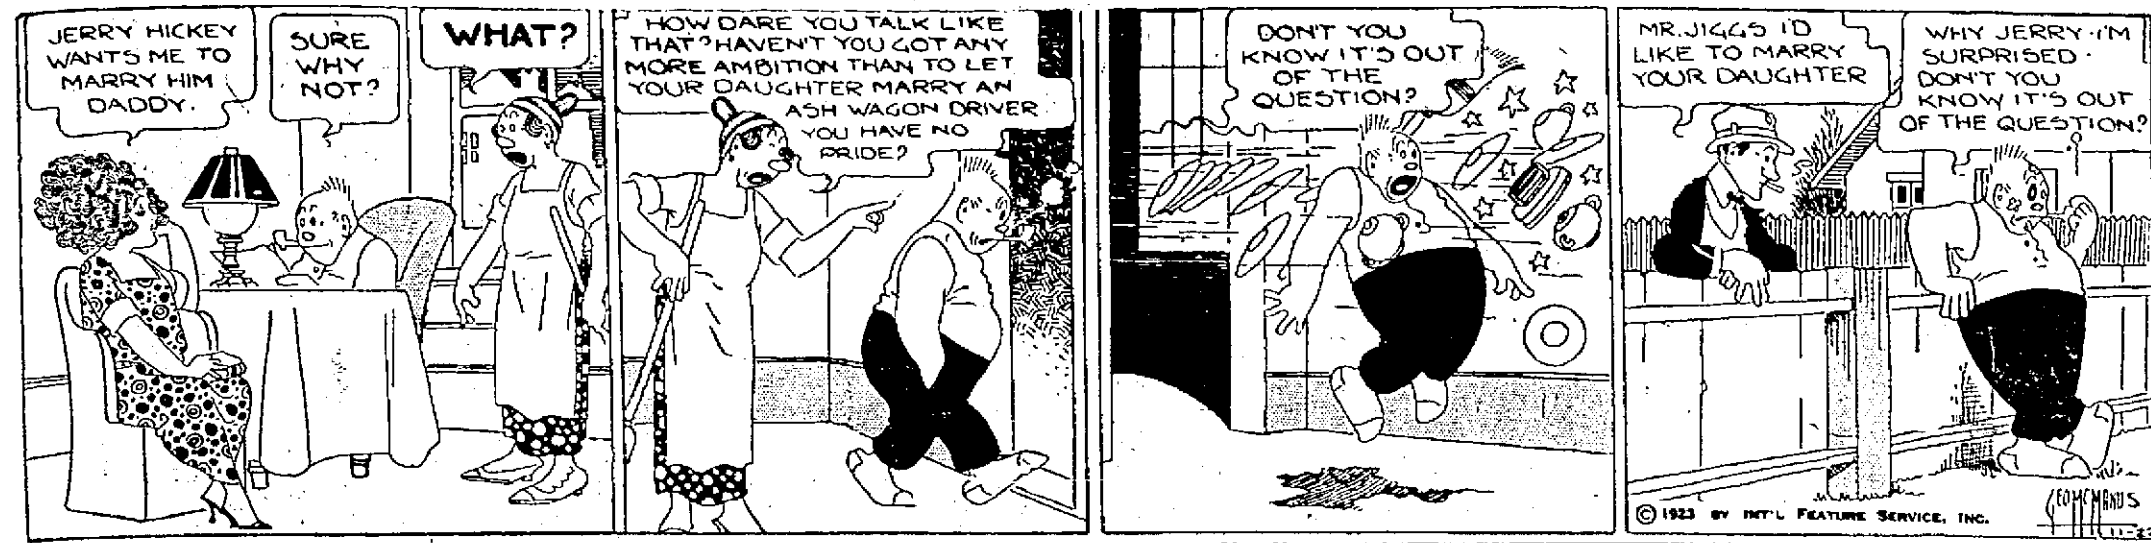

You can have a New Edison in your home. You can own an instrument which will do everything done yesterday in the test. Come in. Hear the wonderful New Edison for yourself. Learn about our Budget Plan, which puts a New Edison into your home for no more than "pay down" for a talking machine.

NEW CITY HALL MAY BE ERECTED ON PRESENT SITE

Council Learns Move To This End Is In the Air; Sciotoville To Get New Bungalow Fire Department

That a movement is under way among the city solons to provide a city hall commensurate with the city's growth became known at the regular meeting of City Council Wednesday night and a tangible step in this direction is expected to be taken in the near future. The proposed building would be erected on the site of the present city building it was stated.

Several articles of legislation providing for improvements were passed and other important matters were considered last night. President Albert Weghorst wielded the gavel and the entire delegation answered to roll call except Mr. Kountz, member from the Fourth ward, who was reported detained at his home by sickness.

After plans of the proposed bungalow fire station for Sciotoville had been approved and accepted, a bond issue of \$15,000 to provide funds to purchase the necessary site and construct the building was authorized. The plans were prepared by Architects Devoss and Douglas.

Plans and estimates and legislation providing for the resurfacing of Second street, from Chillicothe to the Scioto river bridge, were ordered on recommendation of the street committee.

Garage Plan Shelved
Member Diener presented tentative plans for the proposed garage to house city motor trucks and equipment but following a lengthy discussion the project was laid on the shelf. During the discussion it was pointed out that a new city hall was being agitated and that the erection of the proposed garage on the lot in rear of the present city building would mar the beauty of the lot as a site for the new city hall in prospect.

Mr. Horr declared that a new city hall was in the air and in his opinion the next council will not be doing its duty unless it takes steps to provide the city with a respectable city hall.

Service Director Cook said the city needed the garage and suggested the old water works premises on Mill street as a desirable site instead of Front street, in rear of the city building as proposed.

More "Lawir" In The Air
An inkling of more litigation in connection with street paving contracts was given by Mr. Horr who stated that he happened to know that an injunction suit is soon to be filed seeking to prevent the paving of Grandview avenue with brick. This interesting bit of information was given when a resolution was introduced to authorize issuing of notes in sums aggregating \$45,000 in anticipation of the collection of assessments for improvement of various streets, including Grandview avenue. The resolution was finally adopted. Mr. Horr withdrawing his objection and voting for the measure.

Mr. Diener stated that complaints had come to him in regard to the building which H. H. Winter proposed to erect on his portion of the city west of Chillicothe street, vacated by council, and on his motion Solicitor Johnson was instructed to ascertain if Mr. Winter intended to comply with the terms of an agreement given at the time of the vacation to erect jointly with Marting Bros. Company a suitable building.

Mr. Diener stated that he had learned that Winter proposed to erect a small building on his space which was declared was not in keeping with the agreement with the city.

\$200 was also voted to pay for a special survey of the Scherer Hollow road

and \$540 was voted to pay the claims of Joseph W. Mitchell for services in making plans of the Lawson Run drainage district.

Service Director was ordered to erect new street lights, one on Denby avenue, one on Charles street and one on Twenty-eighth street.

To Transfer Money
Resolutions were adopted authorizing transfer of \$3,000 from the General to Service fund and \$2500 from General fund to Safety fund.

Mr. Diener called attention to the poor street lighting service and declared that the city should demand that the service be improved as the citizens were entitled to get what they pay for. It was explained that the cause of poor lighting at this time was caused by changes being made by the lighting company at its new power house.

An ordinance designed for the regulation of the storage and handling of inflammable liquids and material was presented and then referred back to the Ordinance Committee and Fire Chief Leedom to check up and iron out the wrinkles.

MINER, OVERCOME BY GAS, DIES

**James S. Yates Is Victim;
Meets Death in Lyra Mine;
Second Victim Recovers**

"Fire damp," the deadly poison gas feared by coal miners, caused the death yesterday afternoon of James S. Yates, 45, miner, of near Lyra, Vernon township. John Ferrell, of near Lyra, a fellow miner, working with Yates had a close call from meeting a like fate.

The mine property is owned by Thomas Clutts, well known resident of near Lyra, and is under the direction of Frank Nagel. There are several productive shafts in the coal bank.

The men were overcome shortly after the noon hour yesterday when they penetrated farther than usual into the shaft. They had been at work

only a short time when Ferrell says he remarked to his fellow worker, "I've got enough of this bad air." Ferrell says that Yates replied, "So have I; let's get out," these words being the last spoken by Yates who reeled and fell as he turned to go out of the mine.

Ferrell, reeling in the stifling mine air, vainly tugged at the prostrate form of his companion. Unable in his weakened condition to lift Yates, he started for the mouth of the shaft to summon help. Before he could reach the open air, he likewise collapsed, but fell with his head raised slightly on the mine shaft, where a faint current of fresh air reached him. This circumstance saved him

and came within a close margin of saving the life of his companion in the mine, for in about half an hour Ferrell revived and was able to crawl to the mouth of the shaft, where the fresh air quickly enabled him to recover his strength and go after help, which he summoned from another shaft in the coal bank, two miners responding to his call for help.

Ferrell led the rescue party back into the shaft, and the three were able to get Yates out to the air and to his home. Ferrell, exposed to the fatal atmosphere of the mine for a second time, although but for a few moments, became violently ill and had to be carried to his home.

First Aid By Phone

Although Yates was apparently dead when dragged from the mine, under the influence of the purer air of the outside, was seen to breathe slightly after a few moments and in the hope that he had been recalled from the dead, Dr. K. D. Reichelderfer of Wheelersburg was summoned. Dr. Reichelderfer started immediately for the scene, but was forced to turn back at his gates by trouble with his machine. He then telephoned Lyra, giving emergency directions for first aid over the telephone, which were relayed to the home of the stricken miner by persons at the nearest telephone.

Dr. A. G. Stevens was then summoned to the scene from his home at South Webster. When he arrived at 4:40 o'clock, however, he was too late to render any assistance, as Yates had last been seen to breathe at 2:30 o'clock, before directions for first aid had been telephoned from Wheelersburg.

Dr. Stevens attended Ferrell, however, assuring that he was brought out of danger. Although weak, he was reported in good shape last night, although the effects of his poisoning from the "fire damp" of the mine, will last for several days.

Carbon Monoxide Death Cause

This "fire damp" a combination of gases frequently found in coal mines, is high in carbon monoxide, and therefore strikes without warning to its victims. This same gas is the one which every winter, generated from gas stoves, causes numbers of deaths. The slight warning which the two miners had yesterday was due to mixture of other gases and dead air with the fatal monoxide, in the belief of Coroner Fowler.

After Dr. Stevens had found Yates beyond human aid, he returned to the nearest telephone and summoned Coroner Virgil Fowler, who was soon on the scene. After a thorough examination, and investigation into the circumstances, he signed the death certificate, giving cause of death as "accidental suffocation." An inquest will be held later.

Father Of Eight Children

James Sylvester Yates was 45 years and one week old when stricken while at work. He was born in Lawrence county, but his entire family lived in and around Lyra. The body will be returned to Lawrence county for burial, members of the family said last night.

Surviving are eight children, all dependent and living at home: Earl and Pearl, twins, 15; Lucile, 13; Everett, 10; Evelyn, 8; Florence, 5; Lawrence, 4; and Roy, 2. The father and mother, Mr. and Mrs. John Yates of near Lyra; the widow; three brothers, Charles, Alma and Herbert; and three sisters, Mrs. Ora Bennington, Mrs. Cora Miller, and Mrs. Bessie Besco, all of the Lyra district, also survive. The three brothers all saw mill men, as was the stricken miner until about two months ago, when he began to work steadily in the mines.

Up to that time Yates had worked as farm hand, sawyer and handy man throughout many parts of the county, and was favorably known as a hard worker. Dr. Stevens was especially shocked when summoned to Lyra, to find Yates dead, for he had employed the man on a number of occasions during the past summer, and knew him intimately.

GUIDED CORONER AND

REPORTER TO SCENE

Everett, 10 year old son of James Yates, victim of poison gas in a Lyra mine yesterday, guided Coroner Fowler and a newspaper reporter to the scene of his father's death, last evening.

On the way from the mine shaft to the funeral home, Everett fell into conversation with the reporter.

"What are you going to do when you grow up?" the news gatherer asked.

"Well, I know I'm not going to be a miner," the youngster replied, tears streaming down his cheeks as he pushed open the door which lead to the Yates living room, where his father's form, stiff and cold in death, lay on the bed.

Other members of the family were engaged in various household tasks, silent and stoical, greeting the strangers with only a nod. Preparations for the funeral of the mine victim went forward last night.

Men who had worked with him and knew him well, and women friends of the family, called at the home last night.

"We knew Jim well" was their comment. "He was a good man and a hard worker. Jim Yates will be missed in these parts."

Watson May Run In Indiana To Keep Delegation From Johnson

INDIANAPOLIS, IND., Nov. 22.—Senator James E. Watson of Indiana may become a candidate on the Republican ticket for the nomination for president "if for no other reason than to win the Indiana delegation from Hiram Johnson," he announced here today.

LaFollette and Borah.

OMAHA, NEB., Nov. 22.—Robert M. LaFollette and William E. Borah, will, in all probability be placed on the ballot in the next April primaries in Nebraska as candidates for the preference of the progressive voters for the presidential nomination according to a statement issued here today by the officers of the official progressive party of the state. Henry Ford's name has been submitted by petition and will go on the progressive ballot.

Claim Ford Victory.

ABERDEEN, S. D., November 22.—A victory in Tuesday's county proposals conventions for supporters of Henry Ford was claimed tonight by J. F. Houlihan, Democrat, temporarily in charge of the Ford-For-Progress headquarters at Watertown.

Mr. Houlihan contradicted the report that McAdoo supporters will hold an upper hand at the state meeting at Pierre, December 4. Only one county will go to the December meeting instructed for McAdoo, declared Mr. Houlihan, while seven were instructed for Ford.

Ford headquarters claims that results of the conventions held Tuesday indicate that delegates representing 25,000 votes are said to be for Ford, while the known McAdoo men represent 9,261 votes. The remainder of the delegates, Mr. Houlihan asserted, will go to Pierre with open minds.

Move To Bring Parties Together.

SIOUX FALLS, S. D., November 22.—(By the A. P.)—A move to bring together the Democratic and Farmer-Labor parties in South Dakota was inaugurated today in at least two counties. While conversations on the possibility of merging the two parties have not yet reached the stage of formal negotiations, leaders in both ranks admit that the amalgamation effort may be successful. It mutually acceptable planks on agricultural policy and transportation can be written into a unified platform.

Following the resolution of the Hughes county Democratic proposal convention, trading coalition with the Farmer-Labor party in Miner and Minnehaha counties met today with Farmer-Labor delegates informally to discuss the probabilities of a common meeting ground on national issues.

Spokesmen for both groups were reluctant tonight as to just what progress had been made, but one of the Democratic participants was learned that appointment of conference committees by the two state conventions to be held at Pierre, December 4, had been agreed

upon tentatively. What such committees might be able to accomplish in bringing the two organizations together for the state primary in March behind a ticket headed by former Secretary of the Treasury McAdoo still is a question in the minds of the McAdoo supporters, which as a result of yesterday's county proposal conventions, predict a quick preference for McAdoo in the state convention.

McAdoo Is Acceptable.

From within the Farmer-Labor party, the suggestion has come that McAdoo is an acceptable second choice to a considerable element of the third party in the event Henry Ford cannot be given the Democratic preference at Pierre. This group, according to one of its spokesmen, sees more hope of practical accomplishment with a progressive Democratic state than in a third party battle, which has not been successful in South Dakota since 1912. The Farmer-Labor group does not look forward with confidence to a state victory over the old parties.

The Republican state proposal convention, which will be held at Pierre simultaneously with those of the other two parties, will be the first battle ground on which the supporters of President Coolidge and Senator Johnson of California will match strength. The Johnson campaign has been intensive and has the support of Gov. W. H. McMaster, who has declared for the senatorial race under the Johnson banner.

Third Party For Ford.

OMAHA, NEB., Nov. 22.—By the A. P.)—Resolutions formally calling a convention in Detroit, December 12, endorsing Henry Ford for president on a ticket to be known as that of the People's Progressive party, and outlining three planks of a platform to be submitted to the convention were adopted by the group of Progressives, Farmer-Laborites, Independents and Liberals headed by Roy M. Harrop, national temporary chairman of the Progressive party here today.

Fifteen states were represented, according to a statement given out by Mr. Harrop. The names of those who issued the call Mr. Harrop said, included:

F. S. Hammond, Elizabeth, N. J.; W. Bennington, Cleveland, O.; and representatives of the Progressive party in the West and South.

Cook

(Continued from Page One.)
\$12,000. Other co-defendants of Cook, who were found guilty, were given the following:

A. C. Eckman, seven years and \$12,000 fine; W. L. Broadbush and W. P. Welty, two years each and \$1,000 fine; J. S. Brooks, C. W. Slette, S. L. Hess, T. O. Turner, B. S. Hemminger, E. J. Bowen and R. L. Alaxwell, each one year and a day and fines of \$1,000; L. A. McKeeher was given six years and a fine of \$1,000; O. L. Ray, G. A. DeMontand, I. E. Robinson, Harry Bleum and J. E. Burmister, all of whom had previously entered pleas of guilty, were fined \$500 each; H. O. Stephens, who also entered a plea of guilty, was fined \$7,000 and sentenced to serve 90 days in jail.

Cox, like Dr. Cook, encountered a tongue lashing by Judge John M. Killits, Federal district judge, who said: "Cook, you have carried your pitcher to the well once too often," said the court. "You may justify the despicable business you are in, but decent people never will."

With wit was termed by Messers a well-defined smear in the court's voice, "so you can say nothing," was hurled at the dejected figure which stood in compliance with Judge Killits' demand, "Stand up, Cook," the usual remark to prisoners about to be sentenced and also an invitation to them to give reasons why sentence should not be imposed.

"You have come to the point where your peering personality is a disgrace," Judge Killits accused Dr. Cook, stood leaning against the clerk's desk, his eyes sighted on the floor.

"Ringing of widows and orphans, the aged and destitute, was charged against the downcast explorer-promoter."

"Cook, have you no decency at all? Are you not ashamed to stand before these pitiable figures you have robbed? How can you sleep?" continued the judge.

"The Twentieth Century should be proud of Dr. Cook."

"History gave us Ananias and Sapphira. They are forgotten, but we still have Dr. Cook."

"Cook, this day of yours is so damnably rotten that it seems to me that your attorneys must have been forced to hold their handkerchiefs to their noses to have represented you. It stinks to high heaven. The way I feel about you, I wish I were not so circumscribed. You should not be allowed to run at large at all."

"I know you have your ill gotten gains put away. Your counsel came to me and asked what your hand would be. I set it too low. They said you could not make it but it is a sheer waste of sense to say you can't. They must be under the spell of your peculiar personality."

If Dr. Cook appeals his case he must arrange bond of \$75,000, perhaps the largest ever named in Texas. Even if he makes the bond, he must remain in jail until the record of the trial is perfected and approved by Judge Killits, which would require several weeks.

FACE TWO SERIOUS CHARGES

GREENUP, Ky., November 22.—Lee Baldridge, aged 20, and Henry Campbell, aged 22, were arrested by Sheriff Chaffin and Deputy Sheriff Edward Tinsley Thursday.

They face charges of shooting and cutting with intent to kill following an assault they are alleged to have committed on Edward Hensley, aged 50, who is in an Ashland hospital, recovering from wounds.

Baldridge and Campbell were indicted by Baldridge and Campbell Hensley says he was assaulted while on his way home from a revival at Oak Grove, near here. Officials say Baldridge and Campbell were drinking and had created a disturbance at the Oak Grove church.

Baldridge was released today on a \$500 bond signed by his father, Robert Baldridge, who resides near Russell. Campbell was unable to furnish bond.

New Richmond Tragedy
CINCINNATI, O., Nov. 22.—Everett Snyder, 37, New Richmond, Ohio, was instantly killed and George Painter, 35, Cincinnati, Ohio, severely injured today while working at Government Dam No. 36 east of Cincinnati.

The two men were installing a wicket on the Kentucky side of the river when the block work, which had been placed to hold the wicket, slipped, permitting the wicket to fall.

Snyder was caught squarely by the wicket, which estimated to weigh a ton and a half and crushed to death.

Painter, who was assisting Snyder in bolting a piece of steel to the wicket, was struck a glancing blow by the ponderous weight and escaped with bruises about the legs and body.

YEARS OF STOMACH AND BOWEL TROUBLE
Had three operations and was all run down. Newspaper ad guided her back to health.

"I suffered from stomach and bowel trouble in the worst form for a long time. I went through three serious operations and doctor after doctor, but found nothing that would do me any good."

"On seeing Milks Emulsion advertised in the daily papers I decided to try it. The first three doses relieved me, and I am now on the 4th bottle, and can say I have never taken any medicine that has done me so much good. I am feeling better than I ever did since my operations. I am gaining in health and flesh rapidly. I now weigh 145 lbs."—Mrs. Mattie Sharpe, 1016 Ridge St., Keokuk, Ia.

Thousands of sufferers from catarrh of the stomach, indigestion and bowel troubles, have found that Milks Emulsion gives prompt relief and real lasting benefit.

Milks Emulsion restores healthy, natural bowel action; it is a truly corrective medicine, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food, and thus build flesh and strength. Milks Emulsion is strongly recommended to those whose sickness has weakened; it is a powerful aid in resisting and repairing the effects of wasting diseases.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Holy Redeemer Team Bows To New Boston Hi

Holy Redeemer high school's eleven, Glenwood high school gridder's win, 38 to 6. New Boston played rings around their less experienced opponent high school eleven Wednesday afternoon on the Millbrook gridiron, the first down. New Boston plucked the

line, slashed off the ends and forwarded passed with much success, the Holy Redeemer lads being unable to stop the hard working Glenwood eleven out with a determination to annex their first victory of the season.

New Boston scored 19 in each half. Holy Redeemer making their lone touchdown in the third quarter as the result of a fumble by New Boston. Schlotzko, who replaced Kitzkyne on the line, scooped up the fumbled ball and tossed 50 yards for six points.

New Boston annexed their first six points soon after the game started. Holy Redeemer received, but could not make first down and New Boston took the ball. They then marched steadily up the field for six points. Stratton, quarterback, carried the ball over on a line plunge. The second touchdown came a few minutes later. Holy Redeemer received again and unable to gain, punted to midfield. On the first play Stratton made a pretty 15-yard pass to Staten, who ran 23 yards for a touchdown. Norris kicked goal making the score 13 to 0. In the second quarter New Boston marched down the field on line bucks and end smashes. Bartlett carrying the ball over from the 3-yard line.

In the third quarter Bowen, left end for New Boston, intercepted a Holy Redeemer pass and ran 32 yards for a touchdown. The next touchdown came in the same quarter with Fitch plunging seven yards for six points. The final touchdown was made in the

last quarter by Norris who plunged through the line from the three yard line. A pass, Bartlett to Bowen, was good for the extra point. Captain Bartlett of New Boston, made a dandy runback of 20 yards with the plegkin on a kickoff.

Experience played a big part in the victory, the high school team from the village breaking through the line and stopping many plays, the Holy Redeemer line failing to hold out the players from the opposing line. Holy Redeemer's biggest gains were on end runs.

The lineup: **New Boston** L. E. Justice, R. E. Justice, L. T. Jewell, Wintersole, L. G. Kilcoyne, Norris, C. O. Doyle, Bender, R. G. Switzel, Harry Pellegrino, R. T. Switzel, Lewis, R. B. Book Game In South Webster

The Industrial Stars, playing out of the 11. B. gym, will meet the first South Webster high school five Friday evening at South Webster. Blake, star forward for the Stars, is back in the game and that means a hot tilt when the two teams clash. Next Monday the Stars play the Orioles of Sciotoville.

Dundee Wins

BALTIMORE, Md., Nov. 22.—Joe Dundee, of Baltimore, was awarded the decision over Joe Welling, Chicago veteran, after a 12 round bout here last night. Welling floored Dundee for a count of eight in the second round but was unable to cope with his rugged young opponent after that. Dundee weighed 138 and Welling 137½.

PORTSMOUTH, OHIO

TANKS ALL SET FOR SMOKE HOUSE GAME IN MILLBROOK NEXT SUNDAY

Many Fans Will Accompany Eleven

IRONTON, O., Nov. 22.—Portsmouth band! This will be the cry of the Tanks and their hundreds of followers Sunday when the big red machine sets sail for the Smoke House invading Rivery City for the first time in two long years.

We cannot say just what Portsmouth has in store but we can say that their ambition has been and is at present. If they can beat the Tanks, they will be claiming the championship of the State of Ohio, Kentucky and West Virginia and that they will try their darndest to accomplish this is a certainty.

On their visit to the city early in the season, in their encounter with the Mighty Tanks they failed to make much of a showing but according to the Portsmouth players and doers the story will be of a different nature on the Millbrook gridiron. They are preparing for the Tanks and will put the best team on the field that ever donned the navy blue and moleskins under the name of Portsmouth.

Shortly after being handed a walloping by the Tanks they played Chillicothe and tied them but last Sunday in their second encounter with the same team they bettered them to the tune of two touchdowns which goes to show that the Sunday opposition of the State of Ohio, Kentucky and West Virginia is a greatly strengthened team and ready to give the locals one of their hardest games of the season.

The great rivalry between Ironton and Portsmouth on the gridiron needs no comment to the local fans and this

year it seems to be even much stronger than in former years and so Portsmouth is confident of being in full glory Sunday by walloping the Tanks and thus meeting with success where they have always failed.

Well, that sounds good on paper, Portsmouth, but a gridiron and paper are entirely two different things. Yes, indeed.

St. Mary's Team Here Next Sunday

The St. Mary's high school team of Chillicothe, defeated on their home lot by the Barney Google eleven of Portsmouth, will play a return game here Sunday. Business Manager Broadbeck of the Google eleven received a telegram yesterday asking for a game and he wired immediately for the team to come Sunday. The Barney Googies won Sunday, 7 to 6. The game this Sunday will be played on the Sixteenth street lot and will begin at two o'clock.

Football Facts

BY BILLY EVANS

The question: Player on team "A" tosses a forward pass which is received by an eligible player. Said eligible player catches the pass while running at full speed, but fails to get a good hold on the ball. After taking several steps the ball eludes the player's grasp, and because of the player's momentum it is hurled a considerable distance into the air ahead of him. The ball, while in the air, strikes the back of an opposing player. The ball bounded from the back of this player into the hands of the original receiver of the pass, who had not yet checked his speed after fumbling the ball. Catching the ball for the second time, he continued on his way, crossing the opposition's goal line. Is such a play legal?

The answer: Such a play is positively legal. A similar play came up several years ago in a game between Ohio State and Illinois, resulted in a touchdown for Illinois, and hit Ohio State out of a "Big Ten" title. The original player who received the pass, then fumbled, was eligible to again recover the ball before it touched the ground.

EBBERTS WOULD SWING

NEW YORK, Nov. 22.—Before leaving for Clearwater, Fla., President Charles H. Ebberts, of the Brooklyn National League baseball club, said he was willing to trade all of his players except Jimmy Johnston and Pitchers Dizzy Vance and Burleigh Grimes.

It is understood that Ebberts hopes to swing a trade based on Jack Fournier, first baseman; Zach Wheat, captain and outfielder, and Dutch Ruether, left-handed pitcher. The New York National League club would like to have Ruether.

Will Yale Overcome Mental Hazard?

NEW YORK, Nov. 22.—(By the A. P.)

"Can Yale overcome the mental hazard which has developed through Harvard's many victories over the Elts in the past fifteen years?"

This question is heard wherever football followers gather, for notwithstanding the general opinion that Yale boasts a more powerful and versatile eleven than Harvard, many close students of the game believe a Yale victory on Saturday will depend on the psychological elements at play.

They state Yale in the past fifteen years has gridironed eleven which have been physically superior and individually more skilled than the Harvard teams they have met, but that only twice in that period has Yale proved victorious, and they contend this almost uninterrupted succession of Harvard triumphs has created in Yale minds an obstacle that Yale must clear before it can feel certain of victory.

Harvard was confronted by a similar obstacle in 1908 when Percy Laughlin took charge of Crimson football. Only six times in twenty-three years had Harvard defeated the Blue, and Laughlin's big task was that of overcoming the bugaboo of those many Yale triumphs.

In both leagues, yesterday's volleyball games brought leaders and third-placers together, and co-incidentally, in each case the third placers took two out of three from the leaders' team standings remaining unchanged.

In B League the Bankers dropped line, and "Huge" Starnford, forward pass wizard, whose habitat is Huntington, W. Va. The other regulars, lost are Harry Stetel of East Smirna, for three years the skyscraper tackle and guard of the Buckeyes; Tom Long, guard, Columbus; "Pete" Honaker, fullback, another native of Huntington, W. Va., and Anthony Florelli Cleveland product, who recently has come back to his own end.

The others who have been faithful for three years and who have been regulars at times include Harold Wasson, Columbus, line guard; Larry Wallber, Canton, reserve center; Russell, Oberlin, Navarre, reserve guard and tackle; Howard Hamilton, Columbus, reserve center; Albert Harter Akron, fullback; "Pat" Marks, Middletown, reserve quarterback; and Nelson Dunlap, Columbus, reserve tackle.

Barring accidents and other unforeseen difficulties, Dr. Wilco thus faces the need for anew quarterback, and a right tackle next fall. If all of the other players survive until next fall he will have veteran material for every other position.

This Sounds a Little "Bearcattish"

URBANA, ILL., Nov. 22.—Coach

Zoppke sent his University of Illinois football team through another hard scrimmage session last night in preparation for the Buckeye clash Saturday.

The Illinois showed signs of lagging and the defense will need considerable bolstering before they will be able to stop the Ohio State forward passing game. All the men are in condition, however.

Ray of Hope for Ohio Staters

(Columbus Dispatch)

The first ray of hope for victory over Illinois by Ohio Saturday has reached Columbus from Chicago. It comes from Walter Beckersall. Our old friend "Bekie," commenting on games at the week-end, says, "according to past performances, Illinois should de-

feat Ohio State." The fact that the Chicago expert has decided on that gives the Buckeyes a good chance to win. Nearly every time in the past when he has picked Ohio to lose a victory has resulted. May he keep up the good work.

In Memoriam Is Through

LOUISVILLE, KY., Nov. 22.—

Robert Gilmore, trainer of In Memoriam, sees little prospect of Carl Weidenmann's crack three-year-old taking the place of My Own in a match race with Zee at Hovea before the end of the present race meeting there. When told last night that Admiral Cary T. Grayson had announced the withdrawal of My Own for the rest of

the season after the colt finished sixth in the Prince George handicap, and that Bowie officials had indicated the way was open for a return match between In Memoriam and the Rancocas stable's crack, Mr. Gilmore said he would confer with Owner Weidenmann, but indicated he would advise against the proposed race.

13 Ohio State Players To Sing Grid Swan Song

COLUMBUS, O., Nov. 22.—Thir-

teen Ohio State players, six of them regulars, sing their varsity football swan song Saturday, November 24th, when the Buckeyes entertain Illinois in the final game of the season in the Ohio Stadium.

The status of one other regular is somewhat uncertain. First and foremost on the list of regulars are Captain Boni Petcoff, Toledo transfer, who for three years has been a tower of strength on the right side of the scarlet and gray line, and "Huge" Starnford, forward pass wizard, whose habitat is Huntington, W. Va. The other regulars, lost are Harry Stetel of East Smirna, for three years the skyscraper tackle and guard of the Buckeyes; Tom Long, guard, Columbus; "Pete" Honaker, fullback, another native of Huntington, W. Strothers To Play In Ironton—Two Portsmouth teams will battle Ironton on the gridiron Sunday. While the big Smoke House eleven meets the Tanks on Millbrook field, the Smoke House Junior-Strothers, go to Ironton to meet the Ironton Panthers in a return game. When the big team played in Ironton the Panthers met the other local team on Millbrook field, the Panthers coming out the victors by a 3 to 0 score. The locals mean to reverse that decision this coming Sunday.
